# Introduction:

## Builders Merchant Building Index

This **Builders Merchant Building Index (BMBI)** report contains data from NiQ GfK's ground-breaking Builders Merchants Panel, which analyses data from over 88% of generalist builders' merchants' sales throughout Great Britain. NiQ GfK's Builders Merchant Point of Sale Tracking Data sets a gold standard in reliable market trends. Unlike data from sources based on relatively small samples or estimates, or sales from suppliers to the supply chain, this up-to-date data is based on actual sales from merchants to builders and other trades. It's therefore a very good proxy for housing RMI.

The monthly series tracks what is happening in the market month by month and includes an in-depth review every quarter. BMBI Index data is calculated on the 12-month base period January 2019 to December 2019.

### Executive Summary

Short of time and just want to read the headlines? Download an Executive Summary that provides a snapshot of value sales and trends from Britain's Builders' Merchants for November [here](#).

### BMBI Experts

MRA Research produces the Builders Merchant Building Index, a brand of the BMF, to communicate to the wider market as the voice of the industry as well as the voice of individual Expert Brands. **Meet the Experts on pages 5 and 6 of this report or read their previous comments [here](#).**

### BMBI - the best proxy there is for RMI

One of the aims of BMBI is to reach across and beyond construction. It's syndicated monthly to a growing number of trade magazines in different sectors. Outside the industry, economists, banks, consultancies, investment bodies, advisors and accountants refer to it. BMBI is featured alongside the BoE and Office for National Statistics (ONS) data in the Government **Department for Business & Trade's Monthly Construction Update**. Download the latest update [here](#).

### More data available

This BMBI report provides valuable top-level indices but there's considerably more data available. NiQ GfK insights go much deeper and include sales value data. NiQ GfK can quantify market values and drill down into contributing categories, tracing product group performance, to focus on aspects that are critical to you.

NiQ GfK can also produce robust like-for-like market comparability tailored to the requirements of an individual business. As more merchants join to submit their monthly sales-out data the quality of this information can only become more extensive and rigorous. Merchants or suppliers who are interested in acquiring data or getting involved should contact **Emile van der Ryst** at [emile.vanderryst@nielseniq.com](mailto:emile.vanderryst@nielseniq.com).

# The Experts

## Speaking for their markets - 1

The Builders Merchant Building Index (BMBI) includes a panel of industry Experts. In each quarterly report they comment on the market, with a particular focus on the story behind the trends. Experts are leading brands, or brands aspiring to become leaders, who are the voice of their markets.

The Q3 2025 report, which includes commentary from our experts is available [here](#)

# 88% coverage of the market

As part of its ongoing drive to ensure the most accurate and relevant understanding of market coverage GfK conducts universe studies every few years.

These studies aim to understand the number of retailers / merchants and the branches they have in a defined universe - in this case the mainland Great Britain Builders Merchants channel.

The previous iteration of the BMBI used a universe study conducted in 2019, with coverage then estimated at 82% was revised up to 92% in the October 2023 report with the introduction of CMO, Huws Gray and JT Dove.

GfK has since completed its latest universe study for the channel and now estimates coverage to sit at 88%.

For any queries around this, please reach out to Emile van der Ryst at [emile.vanderryst@nielseniq.com](mailto:emile.vanderryst@nielseniq.com).

Based on its latest universe study for the builders' merchant channel, NiQ GfK estimates coverage is 88%.

# Overview - 1

## November 2025 like-for-like value sales were -0.4% lower compared with November 2024

### Like-for-like sales (adjusted to remove the effect of trading days)

- Total Builders Merchants **like-for-like value sales** were -0.4% lower in November 2025 compared with November 2024.

### Total (unadjusted) sales

- With one less trading day in the latest month, **Total (unadjusted) value sales** were -5.1% lower in November 2025 than in November 2024. **Volume** sales were down -8.5% but **prices** up +3.7%. By **value**, five of the twelve categories sold more, led by: Renewables & Water Saving (+5.1%) and Workwear & Safetywear (+4.0%). Timber & Joinery Products (-2.4%) sold less but performed better than Total Builders Merchants. Heavy Building Materials, the largest category, was the weakest category (-8.4%).

## November 2025 v October 2025

### Like-for-like sales (adjusted to remove the effect of trading days)

- Total Builders Merchants **like-for-like value sales** were -2.0% lower in November 2025 than in October 2025.

### Total (unadjusted) sales

- With three less trading days this month, **unadjusted value sales** were -14.8% lower in November 2025 than in October. **Volume** sales were down -19.3% but **prices** up +5.7%. # NiQ GfK's Definition of Builders Merchant Panel

## Generalist Builders Merchants definition:

- Builder Merchants handle an extended range of building materials and components (e.g. doors, windows, interior furnishing materials, insulation materials, tiles, cement, mortar, adhesives, sealants, nails, hardware products, pipes, ironware, paint) and generate their turnover with professional end users. Only multiple merchants are considered; they are defined as having more than 3 outlets or a turnover of greater than £3m p.a.
- This excludes branches that generate all their sales from specialized areas such as Civils, Tiles and Tools. Estimated coverage of this channel sits at 88%.

Examples include:

BMF (Builders Merchant Federation)  
Forecast Report

# BMF Forecast Report

## Winter 2025 Edition

### Builders Merchants Industry Forecast Report

The latest forecast report of the BMF's Builders Merchants Industry Forecast, covering Winter 2025 onwards, is available.

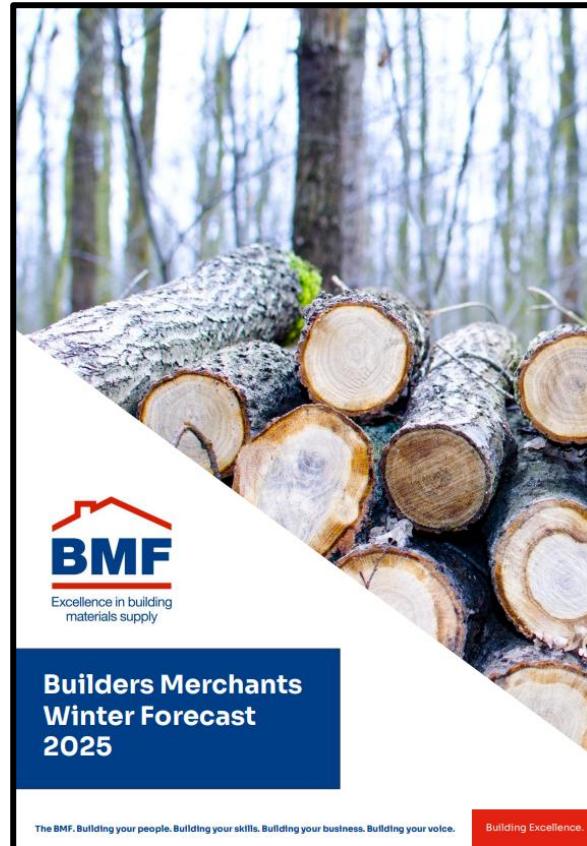

While Builders Merchants Building Index (BMBI) data, which is provided by GfK and is based on actual sales category performance, has enabled users to see which products and regions are currently growing, the forecast report takes this one stage further to meet the industry's need for accurate forecasting.

The BMF forecast model incorporates several lead indicators to signal future events that will impact our markets.

Using BMBI data coupled with advanced modelling techniques the BMF has developed a channel-specific forecasting model to show what is likely to happen in the next 12 months, making it possible for merchants and suppliers to forecast their customers' requirements more accurately.

The forecast report and its previous editions can be downloaded by BMF members free of charge – once logged in – [here](#).

Non-members can purchase the report by contacting Andrei Imbru on 024 7685 4994 or email: [Andrei.Imbru@bmf.org.uk](mailto:Andrei.Imbru@bmf.org.uk)
